XCMG BRIEFING

XCMG, an iconic brand of construction machinery industry in China, was born in 1943 at the No.8 Arsenal Factory in southern Shandong. Since 1989 when it was designated as the reform pilot of corporate groups in China, XCMG has remained No.1 in China's industry of construction machinery. At present, it ranks No. 4 in the world and is one of the World Top 500 brands.

XCMG owns more than 60 enterprises in complete vehicles, parts and components, trade and new business forms, covering 8 business sectors in construction machinery, mining machinery, heavy-duty trucks, sanitation equipment, core parts and components, fabricated buildings, financial services and information technology.

As the pioneer and leader of construction machinery industry in China, XCMG is largest construction machinery manufacturer with longest history in China that supplies the most diverse product lineup, core parts and components. It is also the most innovative and international manufacturer with the largest export volumes.

In the 1950s and 1960s, XCMG produced the first construction machinery in China, including cranes and road rollers, which contributed to the construction projects in the newly-established China. Nowadays, XCMG has more than 100 of industry's first and top machinery in China, e.g., the world's largest crane and China's largest excavator. Besides, XCMG also has 9 championship enterprises and products in 5 business sectors. The market shares of its 9 product categories take the first place in China, among which its mobile crane has the world's largest share. Besides, its complete sets of concrete machinery and piling machinery have their market shares taking the first two places in the world.

XCMG has the national-level key laboratory and industrial design center. It has China's best national-level corporate R&D center. XCMG has successfully built the Hanyun Industrial Internet Platform and entered top three in the industrial Internet field. It was awarded as the national-level intelligent manufacturing benchmark enterprise and pilot project. Besides, it has two national-level green factory and one national model enterprise of green supply chain management. Its products are exported to 187 countries and regions. It has R&D centers, manufacturing facilities and KD factories in more than 10 countries such as Germany, Brazil, the United States, and India. Moreover, XCMG has acquired three European companies such as Schwing in Germany. It has invested more than RMB 3 billion in 97% of the countries along the Belt and Road. Its annual export and overseas revenues take the first place in China in the industry.

Adhering to the core values of "taking great responsibilities, acting with great morals and making great achievements", XCMG assumes social responsibility. It has been awarded the title of "Hero Collective for Earthquake Relief and Disaster Relief" by the CPC Central Committee, the State Council and the Central Military Commission. For twice, it has won the China Industry Award, which is the highest honor in the industry in China. Besides, XCMG has won the National Quality Award and National Model Enterprise for Harmonious Labor Relations.

On December 12, 2017, General Secretary Xi Jinping visited XCMG and fully affirmed XCMG's achievements. He highly praised XCMG as a very important and successful modern group. Xi believed that XCMG, with a glorious history, will have a better future.

XCMG will never forget its original mission of serving the country. XCMG will, on the basis of becoming a Top Four construction machinery manufacturer in the world in 2020, strive to enter top three in the world industry and become one of Fortune Top 500 companies in the world. To this end, XCMG will make utmost efforts to become the world's first-class company with global competitiveness.
